

VATICAN EXPOSES TERMS OF GERMAN 1917 PEACE OFFER

VON BETHMANN-HOLLWEG TELLS
POPE READJUSTMENT OF
BOUNDARIES WOULD HAVE
BEEN EASILY ARRIVED AT.

Rome, March 5.—That Germany was ready to make concessions on Alsace-Lorraine in 1917 as a means of achieving peace is brought out in the contents of a semi-official statement made by the Vatican relative to conversations occurring at that time between the papal nuncio, Monsignor Pacelli, and the German chancellor, Dr. von Bethmann-Hollweg. The statement says Monsignor Pacelli asked Bethmann-Hollweg:

"What are Germany's intentions regarding Alsace-Lorraine and is the German government ready to make territorial concessions to France?"

Bethmann-Hollweg's answer is given as follows:

"If France is ready to negotiate peace will not be wrecked on that point. Under the form of a reciprocal reclamation of frontiers the way is easy to find the way to an accord."

The early part of the statement relates how the negotiations were initiated:

"Monsignor Pacelli, during the first half of 1917, was intrusted to present to the Kaiser an autographed letter from the pope in which the pontiff limited himself to recommending warmly peace in such a manner as circumstances at the moment suggested."

"The conversation between Monsignor Pacelli and Bethmann-Hollweg, the German chancellor, dealt with the request for an explanation of Germany's war aims, made by Nuncio Pacelli as the best means of reaching peace, recommended by the pope."

"Monsignor Pacelli's request included the following points: Disarmament, arbitration, independence of Belgium, and a solution of the Alsace-Lorraine question. On this last point, Bethmann-Hollweg spoke of partial concessions only."

PICKFORD HIDES FROM NEWS WRITERS

San Jose, Calif., March 5.—A young woman, described by the depot station here as Mary Pickford, who was a divorcee at Minden, Nev., from Owen Moore Tuesday, and two other women arrived here today in an automobile and departed on a train due in Los Angeles late tonight.

Plays Hide and Seek.
Oakland, Calif., March 5.—Mary Pickford, successfully eluded interviewers here today after she had played a hide and seek game with them all the way from Reno.

With her mother and a maid, Miss Pickford left the train here, boarded a closed automobile, which had been waiting and drove swiftly away in the direction of San Jose.

One reporter who boarded the train at Sacramento succeeded in reaching Miss Pickford's compartment, but was told tersely by the actress that she had nothing to say and was bowed out into the corridor.

No member of the party left the compartment from the time they boarded the train at Reno last night until they left at the station here.

Called Miss Smith.

Reno, Nev., March 5.—Judge Frank P. Langan, who granted a divorce of divorce to Mary Pickford, at Minden, Tuesday, says he did not know she was Mary Pickford until she was cross-examined.

He was introduced to her mother, who was called Mrs. Smith, and he addressed the screen star as Miss Smith until he found out her identity.

Counsel for both sides declare that they know nothing of any property settlement.

Owen Moore, the husband, left Minden Monday shortly after being served with the papers in the suit, saying he was going to Del Monte, Calif.

Falls While Weeping.

Los Angeles, March 5.—Mary Pickford, weeping and worn, stumbled from a train here today on her return from Minden, Nevada, where she obtained a divorce decree Tuesday from Owen Moore.

Miss Pickford waited until the passengers had all left the car, then, seeing newspaper men and camera men and a crowd of curious, she fled from the opposite side of the car. As she ran with tears streaming down her face she stumbled and fell. Her mother helped her up and then fled to a waiting auto and sped away. Miss Pickford would not pause to answer questions, but her mother spoke for her.

"This is entirely a personal matter," she said. "Why can't you leave the poor little girl alone? She is nervous and broken up. This is just headless cruelty."

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

ILLINOIS ROAD PRICES LOW IN COMPARISON

Springfield, Ill., March 5.—The Illinois highway department should be certain what other states are paying this year for road construction. At other states besides the high prices asked or another intending to award contracts at present prices? If not, what is to be the money in Illinois. The state department has obtained data showing that Illinois obtained concrete roads last year at a smaller cost per mile than a number of other states.

The average price of Illinois was given by state highway superintendent Braden as \$1,000. The average in Texas is \$1,100. The average in Pennsylvania is \$1,200. The average in Ohio is \$1,300. The average in Michigan is \$1,400. The average in Indiana is \$1,500. The average in Kentucky is \$1,600. The average in Tennessee is \$1,700. The average in Missouri is \$1,800. The average in Arkansas is \$1,900. The average in Louisiana is \$2,000. The average in Mississippi is \$2,100. The average in Alabama is \$2,200. The average in Georgia is \$2,300. The average in Florida is \$2,400. The average in South Carolina is \$2,500. The average in North Carolina is \$2,600. The average in Virginia is \$2,700. The average in West Virginia is \$2,800. The average in Maryland is \$2,900. The average in Delaware is \$3,000. The average in New Jersey is \$3,100. The average in New York is \$3,200. The average in Connecticut is \$3,300. The average in Rhode Island is \$3,400. The average in Massachusetts is \$3,500. The average in New Hampshire is \$3,600. The average in Vermont is \$3,700. The average in New Brunswick is \$3,800. The average in Nova Scotia is \$3,900. The average in Prince Edward Island is \$4,000. The average in Newfoundland is \$4,100. The average in the Dominion of Wales is \$4,200. The average in the County of Glamorgan is \$4,300. The average in the County of Glamorgan is \$4,400. The average in the County of Glamorgan is \$4,500. The average in the County of Glamorgan is \$4,600. The average in the County of Glamorgan is \$4,700. The average in the County of Glamorgan is \$4,800. The average in the County of Glamorgan is \$4,900. The average in the County of Glamorgan is \$5,000.

Only the state's added a lower average price than Illinois, according to the newspaper information received.

Illinois built concrete roads last year at a smaller cost per mile than a number of other states. The average price of Illinois was given by state highway superintendent Braden as \$1,000. The average in Texas is \$1,100. The average in Pennsylvania is \$1,200. The average in Ohio is \$1,300. The average in Michigan is \$1,400. The average in Indiana is \$1,500. The average in the County of Glamorgan is \$4,700. The average in the County of Glamorgan is \$4,800. The average in the County of Glamorgan is \$4,900. The average in the County of Glamorgan is \$5,000.

New Kind of Lichen.

Texas consists of a paper threat and a fiber placed together, and, though the percentage of long fiber is very small, it is claimed to have yielded products that the uninitiated cannot distinguish from the former linen and late fabrics.

Name Hard to Ascertain.

Gertrude found a cat and shortly after a neighbor asked her its name. "Oh, I don't know yet," answered the youngster. "I called it every cat name and it won't know any of them."

IN "RUM REVOLT"

CHIEF OF POLICE SENSIBA

MARTIN McDONOUGH

IRON RIVER, Mich.—Martin McDonough (above) is the prosecuting attorney of Iron-co, Mich., who threatened the arrest of Maj. A. V. Dalrymple and his aids following the "Rum Revolt," which turned out to be a "Temptation in a Teapot." Lower picture is of Chief of Police Sensiba of Iron River.

WOMEN WHO RECOVERED FROM BEING NERVOUS WRECKS

Murphyboro, Ill.—"When I began taking Dr. Pierce's medicines I was just a nervous wreck. I could hardly be on my feet. While not able to work I tried to keep up. I was advised to use Dr. Pierce's Favorite Prescription and Golden Medical Discovery and I took both. I began to get better and when the treatment was finished, I was much stronger and better able to work. The remedies were fine, easy to take and fully satisfactory."—Mrs. Wm. Blackwood, 627 No. 14th St.

Elgin, Ill.—"When I reached middle life I was miserable with 'heat flashes,' dizzy spells, bearing-down pains, nervousness, sick-headaches and sleeplessness. I remembered that when my mother was going through the same period of life she depended upon Dr. Pierce's Favorite Prescription and the Pleasant Pellets. She came through the change so well that I took these two remedies and my health improved at once. All of the annoying and distressing conditions that I had suffered with disappeared, and I came through the 'change of life' just as strong and well as my mother had years ago. I can highly recommend these good medicines to all women at this critical period."—Mrs. Annie Vandenberg, 256 Franklin St.

Streator, Ill.—"I am very glad to be able to add my testimonial to the worth of Dr. Pierce's excellent remedies. They have been used extensively in my mother's family and also in my own, and always with the most remarkable success."—Mrs. Ada Graves, 100 W. Morrell St.

Making His Living as Best He Can

LONDON—A demobilized English officer was snapped on Trafalgar Square while at his job of bootblack. Note his interesting placard of protest.

3,000,000 Matches a Minute.
The civilized nations of the world have been consuming 3,000,000 matches every minute of the 24 hours.

Big Consumption of Molasses.
Approximately 7,000,000 gallons of molasses are used annually in the manufacture of foods.

PEORIA SHOWS BIG GROWTH IN 10 YEARS

Washington, March 4.—The third announcement of population statistics of the fourteenth census listed today included:

Peoria, Ill., 70,121, an increase of 8,173 or 13.7 per cent over 1910.

Bloomington, Ill., 28,048, increase 2,870, or 11.1 per cent.

Quincy, Ill., 22,000, increase 1,775, or 8.5 per cent.

Beaumont, Texas, 45,221, increase 11,141, or 24.7 per cent.

Baltimore, Ky., 7,279, increase 930, or 12.8 per cent.

Beaumont, Texas, twice.

Beaumont, Texas, showed the largest growth during the decade from 1910 to 1920 and also the previous 10 years from 1900 to 1910. The percentages of increase being 136 and 157, respectively. Cedar Rapids' increase in the thirteenth census was 37.9 per cent and in the twelfth census increase in those two censuses was 19.7 and 13.7 and Peoria's 19.3 and 26.7.
